### How to utilize Green Care in action:

Aliathon Holiday Village is committed to managing its business in a sustainable way that will benefit future generations, while enhancing the Aliathon experience for its guests. Throughout the years, we are continuously working to improve our environmental performance in many areas including energy efficiency, renewable energy use, water conservation, waste minimization and sustainable procurement. The company has also developed individual Environmental & Sustainable policies in order to comply with International Standards requirements.

Located in Aliathon, Cyprus

Holiday resort / village

Environmental friendly and  
sustainable Mission

### Green Care activities

Wellness / Hospitality

Environmental awareness

Accommodation and activities

Excursions

### Good practices and benefits of Green Care:

- To understand the environmental aspects associated with our activities.
- To set objectives and targets in order to manage the important environmental impacts.
- To minimise the use of energy and water through monitoring and by increasing the efficiency of use and purchase environmental sound products wherever possible, while upholding the highest standards of comfort, quality and guest service.
- To ensure that all employees are aware of their individual responsibilities for acting in accordance with the policy.
- To educate staff so as to become more environmentally aware.
- To set and review environmental objectives and targets and to implement an action plan addressing waste reduction, energy and natural resources conservation and raw materials and products environmental evaluation. The hotel will provide the necessary resources to achieve these objectives using the best available techniques, which do not entail excessive cost.
- To communicate to our employees, customers and suppliers our policy and achievements in improving our environmental performance.
- To incorporate environmental management into everyday business practices.
- To encourage local communities to engage in environmental management.
